

Disabilities Law Program PAIMI Program Priorities 2022

ADVOCACY IN FACILITIES AND INSTITUTIONS

I. Priority/Goal Description:

Individuals with significant mental illness (SMI) / emotional disturbance (ED) in facilities will be free from abuse and neglect and live in healthier, safer or otherwise improved environments. Activities may reflect and will be consistent with public health constraints and may include using technology and other ways to conduct operations remotely.

Objectives:

1. DLP will monitor facilities to ensure that individuals with SMI/ED are receiving appropriate treatment services and are free from abuse, neglect and disability rights violations through regular visits, office hours and other monitoring activities.
 - a. Target: 120 contacts with facilities
2. DLP will seek to ensure appropriate access to and review reports, critical incident reports and data from public and private facilities to facilitate effective monitoring and abuse and neglect investigations.
 - a. Target: 500 reports or data reviewed
3. DLP will screen and investigate on a case-by-case basis, any reported or discovered incidents of neglect, injury or death of an individual with SMI/ED living in a facility.
 - a. Target: 20 cases
4. DLP will participate in the DPC Patient Rights Committee to address abuse, neglect or quality of care issues at DPC.
 - a. Target: 4 meetings
5. DLP staff will as appropriate attend treatment team meetings to foster choice, treatment options consistent with client wishes, and enforcement of patient rights.
 - a. Target: 5 meetings
6. DLP staff will as appropriate assist clients in transitioning to community life from facilities, including acute care hospitals, including facilitating effective discharge planning, and on a case-by-case basis, assisting in removing barriers to discharge, such as legal impediments, housing, public benefits, credit history, or denial of key public benefits.
 - a. Target: 10 individuals

7. DLP will prompt review and transfer or discharge of long-term patients at DPC with NGRI status to less restrictive treatment settings. DLP will also address issues with delays in the pre-trial competency restoration process and other issues relating to mental health support for individuals awaiting trial or participating in specialty courts, particularly those where detention or incarceration may be prolonged due to lack of services or supports, on a case-by-case basis.
 - a. Target: 4 individuals
8. DLP will ensure the availability of DLP-sponsored patient rights materials upon admission to DPC and mental health facilities.
 - a. Target: 250 materials given to new admissions
9. DLP will offer self-advocacy and patient rights' training and training of peers at DPC and other sites as time and opportunity allows and collaborate with peer education initiatives with the Mental Health Association of Delaware.
 - a. Target: 7 trainings
10. DLP will promote the development and use of grievance system within DPC and at private facilities as appropriate and will assist residents in filing and pursuing grievances.
 - a. Target: 7 individuals or group cases
11. DLP will monitor enforcement of solitary confinement settlement with DOC and promote access to adequate mental health services in correctional facilities.
 - a. Target: 200 records reviewed

COMMUNITY-BASED SERVICES

II. Priority/Goal Description:

Individuals with SMI/ED will have access to appropriate and individualized community-based services that will enhance their ability to live independently and reduce risk of institutionalization and homelessness, free from abuse and neglect in community settings. Activities may reflect and be consistent with public health constraints and may include using technology and other ways to conduct operations remotely.

Objectives:

1. DLP will screen and on a case-by-case basis investigate complaints of abuse and neglect including neglect, serious injuries or deaths, and rights violations of individuals with SMI/ED living in non-facility based and community settings.
 - a. Target: 10 incidents

2. DLP will promote access to less restrictive settings and/or help individuals with SMI/ED to receive services that will enable them to participate more fully in their community living through removal of barriers including lack of access to technology, , access to key public benefits including Veteran’s Benefits, threats to familial integrity, access to employment supports and addressing acts of discrimination related to housing and other community living arrangements
 - a. Target: 10 individuals or group cases
3. DLP will assist individuals with SMI/ED in addressing treatment issues in the community, including participation in treatment team meetings and coordination with community agencies and providers, with a particular focus on services and supports for homeless individuals with SMI/ED and improvements to crisis intervention services and diversion from law enforcement intervention in crisis situations.
 - a. Target: 5 individuals
4. DLP will assist children with ED and with co-occurring developmental disabilities and ED to receive behavioral supports and services including home-based services and transitional planning services through Medicaid, PBH, DDDS and the Delaware Department of Education.
 - a. Target: 4 individuals
5. DLP will help individuals with SMI/ED understand supports and services available in the community by advocating for a more robust and responsive grievance and quality assurance system and the provision of training (including peer training) technical assistance and/or information and referral.
 - a. Target: 65 individuals trained

ACCESS TO FREE APPROPRIATE PUBLIC EDUCATION

III. Priority/Goal Description:

Youth with ED will be provided a free and appropriate public education (“FAPE”) in their least restrictive environment to move them toward independent living, and depending on their goals and interests, secondary education, training or employment.

Objectives:

1. DLP will investigate allegations that students have been exposed to illegal disciplinary measures, the use of inadequate behavioral planning including the use of seclusion and restraint, and/or are being denied FAPE in the least restrictive environment with appropriate supports, and provide legal assistance, technical assistance or referral as appropriate.

- a. Target: 4 individuals
- 2. DLP will educate parents of students with ED about self-determination, age of majority and guardianship and its alternatives
 - a. Target: 10 parents trained

SYSTEMIC ADVOCACY

IV. Priority/Goal Description

Promote safe and adequate residential and non-residential community-based services, integrated housing and options for individuals with SMI/ED through active participation in systemic advocacy. Activities may reflect and be consistent with public health constraints and may include using technology and other ways to conduct operations remotely.

Objectives:

- 1. DLP will monitor and as appropriate influence through policy analysis and participation DSAMH and DPC policy and planning affecting recipients of services by participating on councils and committees, and in meetings with administration and key staff.
 - a. Target: 15 meetings
- 2. DLP will co-sponsor and/or present at seminars, conferences and other events on topics related to mental health and behavioral health in the state.
 - a. Target: 2000 individuals receiving training or access to materials

PAIMI STAFF AND ADVISORY COUNCIL TRAINING AND SUPPORT

V. Priority/Goal

Provide robust training and education to staff and advisory council to enhance understanding of client needs and improve quality of services provided to PAIMI-eligible clients.

Objectives:

- 1. DLP will provide PAIMI staff with opportunities for internal and external training to improve skills and understanding.
 - a. Target: 20 trainings
- 2. DLP will conduct regular meetings of PAIMI staff to promote coordination and progress in goals and objectives.
 - a. Target: 3 PAC meetings

3. DLP will provide PAIMI AC with training at meetings and offer attendance at outside events.

a. Target: 10 PAC members trained
